Community Investment supports EVERYTHING we do here!

COMMUNITY INVESTMENT

- Supports teachers' salaries and benefits
- Allows us to offer art, music, foreign language, athletics, and intramurals
- Keeps our class sizes smaller with two teachers per classroom in the lower school

100% of Community Investment gifts stay at the GH Lakeside and directly support our operating budget.

THE FUNDING GAP

Charter schools do not receive the same type of funding as independent school districts.

An independent school district receives funding from local property taxes, local bonds, voter-approved budget overrides, and facilities funding from the state's school facilities board.

A charter school's funding only comes from the state's general fund and some federal grants.

At the end of the day, independent school districts receive significantly more in public funding than non-profit charter schools. Depending on the district a charter school can receive anywhere from **\$1,500-\$2,400 less per student** than the public school next door.

THAT'S WHY WE FUNDRAISE

We fundraise to fill the gap in funding. By giving to Community Investment, you are supporting a lower student-to-teacher ratio, a rigorous curriculum, and daily, core curricular programs like **art, music, foreign language and our athletics and intramural programs.**

All of this adds to the scholar's joyful experience. But without your support, none of this is possible. We rely on a partnership with you to provide a rich educational experience for your children.

LAKESIDE NEEDS YOUR HELP TO DO WHAT WE DO

While donations of any size help bridge the gap and are greatly appreciated by the Lakeside community, the suggested donation is \$1,500 per scholar.
