

How Community Investment Supports our Academy

2025 LAKESIDE GALA PROCEEDS & ALLOCATIONS

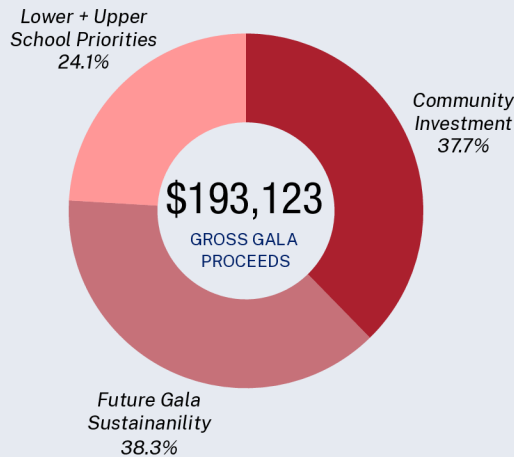

What the Lakeside Gala Does

The Lakeside Gala is a campus-level family fundraising event. Gala proceeds first support Community Investment, including any remaining gap to the annual campus goal and additional CI support when available. Remaining funds may then support Lakeside-specific projects, scholar experiences, and the costs necessary to sustain the next year's gala.

How Gala funds Supports Lakeside

Gala proceeds extended the impact of Community Investment by helping support the annual campus fund while also making possible school-specific priorities outside the regular operating budget, including scholar experiences, targeted campus projects, and the continued sustainability of the Lakeside Gala.

Use of FY25 Gala Proceeds	Amount
Community Investment	\$72,787
Future Gala Sustainability	\$73,870
Lower + Upper School Priorities	\$46,467

Athletics & Campus Life

Strengthened scholar life beyond the classroom through athletics, team equipment, campus events, and shared spaces that build school spirit and community.

Field Trips & Transportation

Helped make formative off-campus experiences possible, including grade-level trips, symposium transportation, and travel assistance for Upper School scholars.

Classroom & Enrichment Needs

Supported practical classroom and program needs, including art materials, robotics supplies, student service projects, and campus resources that enrich daily learning.

How to read this

As a companion to the Community Investment report, the infographic above shows how gala proceeds related to the annual CI goal and how the remaining reserved funds supported Lakeside-specific priorities. The project totals shown here are based on the revised campus tracking sheet.
